Empower yourself in our comprehensive Digital Literacy Training, honing skills to evaluate, prepare, and share information with clients and communities. Delve into core competencies, including assessing data accuracy, overcoming digital communication barriers, and maintaining professional boundaries in a virtual setting. Discuss the benefits and limitations of virtual communication, internet safety, technology use with clients, and applying the CHW Code of Ethics to digital communications.

This training is supported by the Centers for Disease Control and Prevention (CDC), together with the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of awards totaling \$4,339,895 and \$3,000,000, respectively, with 0% financed with non-governmental sources.
